EXPERIENCE

EUROPEAN COMMISSION TO THE MINISTRY OF ECONOMIC DEVELOPMENT AND TRADE

Kyiv, Ukraine

Innovation Policy Intern

May 2019 – July 2019

- **Strategic Thinking:** Developed a thorough analysis of the Ukrainian innovation ecosystem using mind-mapping software, investigating current macro and micro challenges and presented policy strategies and proposals addressing one micro-problem.
- **Research:** Assembled data on 20+ international public procurement systems supporting innovative initiatives for development of tendering systems in Ukraine.
- **Analytical Skills:** Evaluated the business climate of Ukraine, including startup support, intellectual property policy and enforcement, legal systems and their independence, and technical and managerial training of the labor force, providing support for an inter-ministry strategy session.

THE LABORATORY FOR GLOBAL PERFORMANCE AND POLITICS

Washington, D.C.

Operations Associate

February 2019 – May 2019

- **Development:** Formed a master budget from various project budgets and actuals, improving budgeting processes by fostering transparency, accountability, as well as providing guidance for annual grant application processes.
- **Event Management:** Managed the Gathering, a 4-day conference for 200+ international and domestic artists, including troubleshooting, planning, days-of coordination, scheduling, and providing support through constant communication to participants.
- **Communication:** Organized artist funding support of \$50,000+ total, including honorarium offers and travel support, for the Gathering, including constant verbal and written communication with artists about process and steps and built a tracking system to ensure all artists received funding.

ABERCROMBIE & FITCH CO.

New Albany, OH

Assistant Real Estate Analyst

November 2016 – March 2018

- **Innovation:** Implemented an innovative real estate tracking system while mastering current company project management software maintaining a smooth flow of bilateral information, increasing efficiency and timeliness.
 - **Cross Functional Project Management:** Coordinated with 10+ cross-functional departments, fostering a collaborative atmosphere through increased forms of communication, assisting in opening 10+ stores domestically and internationally.
 - **Market Research:** Built an analysis of 15+ European markets for possible market penetration or expansion opportunities and authored a support document to house all European market research for future decision-making.
-
